Paper Revision

The Title : The influence of positive and negative electronic word of mouth review on hotel customer e-repurchase

Thank you very much for the suggestions and recommendations for improving our paper, and we have done it according to the suggestions and recommendations from you.

No	Editor's Comments	Author Response
1	You should not add any other sections.	We do not add other sections in this paper.
2	The number of words in the paper may vary from 4000 to 6000 (the information about the authors, title, abstract and keywords, list of references and appendices should not be included).	The number of words in the paper is appropriate, which is between 4000 and 6000. We do not include attachments.
3	The volume of the Abstract is 150-250 words.	The Abstract Volume is already at 150-250 words
4	The abstract should be written as follows: relevance, purpose, method, results, conclusion.	The abstract has been written according to your directions, which are as follows: relevance, purpose, method, results, conclusion.
5	This is exactly the sequence it should be.	It's been made in the order it should be.
6	Keywords should reflect the main idea and content of the article. It is desirable that they do not repeat the words from the article's title and really were mostly words, not phrases. main idea and content of the article.	The wording has been adjusted to reflect the main idea and content of the article and does not repeat the words of the article title and most of them are really words, not phrases. Main idea and content of the article.
7	The number of keywords should be <10 in average. There should not be the sentences, but the words or word groups.	The number of keywords is in position <10
8	The Result section is the main section of the article. Then there should be a Discussion section.	The research results are presented in the main part of the article. The discussion is also presented in the article.
9	The conclusions are incorrect. There should be such a logic - indicate the purpose of the study, briefly demonstrate the result, indicate what conclusions should be drawn from it.	The conclusion has been adapted to your direction. There is logic, the purpose of the research, the results have been shown briefly.
10	Please use a professional proof-reading service. Now the quality of the English language is not appropriate.	Already using a professional proofreading service.
